Dear Sir:

In accordance with MPEP §1414.01, applicants hereby file supplemental declarations for the above-identified reissue application that have been signed by five of the six inventors, and a petition under 37 CFR §1.183 to request a waiver of the signature requirement of the non-signing inventor.

The present reissue application includes six inventors: Amos Intrater, Gideon Intrater, Moshe Doron, Lev Epstein, Maurice Valentaten, and Israel Griess. All of the inventors except for Maurice Valentaten have signed a supplemental declaration. A copy of the signed supplemental declaration of Amos Intrater is attached as Exhibit A, and a copy of the signed supplemental declaration of Gideon Intrater is attached as Exhibit B. In addition, a copy of the signed supplemental declaration of Moshe Doron is attached as Exhibit C, a copy of the signed

supplemental declaration of Lev Epstein is attached as Exhibit D, and a copy of the signed supplemental declaration of Israel Griess is attached as Exhibit E.

The present petition requests a waiver of the signature requirement of Maurice Valentaten, an inventor who can not be reached. The last known address of Maurice Valentaten of which the undersigned attorney is aware is listed on the original Reissue Declaration, which is Mr. Maurice Valentaten, Kurt Huber Ring 3, 82256 Fuerstenfeldbruck, Germany.

On August 25, 2003, applicants submitted a Petition Requesting Waiver of the Signature Requirement of the Non-Signing Inventor in a Reissue Application, and Submission of the Supplemental Declaration of the Remaining Inventors. The August 2003 Petition was necessitated because applicants were unable to reach Mr. Valentaten via registered mail to his last known address, via internet searches, and through the other co-inventors. The August 2003 Petition was granted on November 13, 2003.

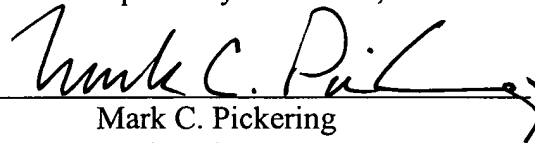

Applicants have again attempted to reach Mr. Valentaten via internet searches and through the other co-inventors. Applicants did not attempt to reach Mr. Valentaten via registered mail to his last known address as applicants' attempt in 2003 to reach Mr. Valentaten at his last known address was unsuccessful. A declaration of Mark C. Pickering is attached as Exhibit F to further set forth the facts associated with the present attempt to reach Mr. Valentaten.

The petition fee set forth in 37 CFR §1.17(f) is also attached to this petition. A copy of this petition and the Pickering declaration (without exhibits) is being forwarded via facsimile to the Examiner, who has not required that a Supplemental Declaration be filed, at 571-273-4172.

Re: Gideon Intrater Reissue Patent Application 09/234,427 for "Integrated Digital Signal Processor/General Purpose CPU with Shared Internal Memory," Your File No.: P01469-R1; Our File No.: 100-14299

Dear Gideon:

We recently received a Notice of Allowance in the above-identified reissue patent application, which we first filed for you almost 10 years ago at National Semiconductor. The claims were amended in our last response. As a result of this, we will need to submit a supplemental declaration. (You may remember that we did a supplemental declaration five years ago, but the claims were subsequently rejected by the patent office, which is why we have to do this again.) I will send the supplemental declaration down to you, but I first wanted to make sure this e-mail address was still good for you.

I also wanted to ask if you know how to get in touch with the other co-inventors. The e-mail addresses that I had for the last supplemental declaration are:

amosi@cisco.com (Amos Intrater)
moshe.doron@exlibris.co.il or mosdoron@netvision.net.il (Moshe Doron)
lev@siliconds.com (Lev Epstein)
israelg@mysticom.com (Israel Griess)

We have also been unable to locate Maurice Valentaten, so any information regarding his contact information would be helpful.

Thanks very much for your help,
Mark Pickering

Dear Gideon, Amos, Moshe, Lev, and Israel:

You may remember that nearly ten years ago at National Semiconductor we filed the above-identified reissue patent application. We are pleased to report that we recently received a Notice of Allowance, which means that the allowed claims will issue in a reissue patent.

The claims were amended in our last response. As a result of this, we will need to submit a supplemental declaration. (You may remember that we did a supplemental declaration five years ago, but the claims were subsequently rejected by the patent office, which is why we have to do this again.)

Attached please find a Supplemental Declaration, along with the last amendment which includes the reissue claims as they now stand (original patent claims 2-8 remain in this case). Please review the claims in the attached amendment and, if you agree, sign and date the Supplemental Declaration. You do not need to sign the same declaration form as everyone else. In addition, you do not need to fill in the address and citizenship information if your name appears on page 2 or 3 of the Supplemental Declaration.

After you have signed and dated the Supplemental Declaration, please e-mail or fax it to me at 707-762-5504, and send the original to me by regular mail at:

Law Offices of Mark Pickering

We also have been unable to locate Maurice Valentaten. Does anyone know how to get in touch with Maurice Valentaten?
